Dear Parents/Guardians,

Welcome to an exciting 2018-2019 school year at Gateway Environmental K-8 Learning Center. We are looking forward into many new and exciting opportunities for our students this year.

The following are fees for some of the courses that have been made available to your child. These fees will cover costs for special activities that will take place in the classrooms along with materials needed. All fees can be paid **CASH or ONLINE**. If students are paying cash and if it's at all possible please have them bring in exact change, please have them turn in the money to their respective subject area teacher.

Parents you also now have the option to pay with a credit or debit card. All that you will need to do is log into the M-DCPS website at www.dadeschools.net and using your established credentials click on the Parent tab to reach the OSP link and access the online payment system to be able to use a debit or credit card. If you do not have access to the Parent Portal you can request this directly from the school and reach out to our Parental Involvement Coordinator.

Once in the OSP system, parents can select the school (Gateway K-8) from a drop-down menu and can see all items available for online payments. You will simply select the student for which the payment is being made from a drop-down menu that only shows the student related to the parent or guardian and follow the prompts to enter the credit card number as is normally done with any online web payment site. Once payment is received electronically by the school, the student's account will be credited. We encourage you to take advantage and use the new OSP system to make these payments. Please do visit www.dadeschools.net/tv and the attached guide for additional information on how to make a payment using OSP.

If your child is enrolled in a course below the fee noted must be paid in CASH OR ONLINE ONLY:
