At Gateway K-8, during the month of January, our students will focus on the Value Matters trait of PURSUIT OF EXCELLENCE. The pursuit of excellence means challenging yourself to do the best you can. Excellence in our school is expected in everything you do and that includes academics, sports, and activities. You should always be putting forth your best effort and trying to reach your goals. The pursuit of excellence includes taking time to correct mistakes and making good choices. By always pursuing excellence you will accomplish great things.
